

# Eleiko Prestera Storage Leg S

1132 - Black

Robust 70x70 mm square steel tubing storage leg uprights with 50 mm spaced laser cut holes for shelving and storage accessory attachments. The storage uprights are available in two heights to support 3 and 4 tier shelving solutions. Select wall variants when placing storage solutions flush against walls for the appropriate base foot support position. Storage bases feature adjustable feet to create a solid base even if floors are not level.
