

Eleiko Prestera Medicine Ball Tree-Black

- ✓ Part of modular storage solution
- ✓ Prestera design language
- ✓ Four ball loops standard

The Eleiko Prestera Medicine Ball Rack is a standard configuration in our modular storage solutions for holding medicine balls of varying sizes. The ball loop placement and direction can be adjusted to meet space needs and personal preferences.

Features

Storage Capacity

It comes standard with four loops for holding medicine balls; more can be added for additional storage.

Secure Footing

Storage bases feature adjustable feet to create a solid base even if floors are not level.

Design Versatility

The design language mirrors Prestera Racks and Rigs for a cohesive facility design. The modular system is flexible, easy to reassemble, and scales as needs change.

Adaptable Storage

Extra Prestera Medicine and Balance Ball Loops can be added to customise the rack to suit specific needs.
