

# Eleiko Technique Plate Rack

- ✓ **Small footprint**
- ✓ **Easier plate handling**
- ✓ **Generous capacity**

The Eleiko Technique Plate Rack stores Eleiko Technique Plates vertically in a compact and elegant solution. The storage can hold up to ten 2.5kg/5lb and eight 5kg/10lb Eleiko Technique Plates. The 50mm diameter storage pins ensure a secure fit, while the chamfered edge eases the loading and unloading.

## Features

### Capacity

The Technique Plate Rack can hold up to eight 5 kg/10 lb or ten 2.5 kg/5 lb Eleiko Technique Plates.

### Compact Design

The Technique Plate Rack storage features an easily movable, compact design with a chamfered storage pipe and elevated base for improved plate handling.

### Tidy Space

Colour-coded end caps at the top of the storage rack help lifters keep spaces tidy.
