

# Eleiko XF 80 Disc Rack 2.0, 1100 mm

black

This storage shelf works with the XF Rack and Rig collection. For racks select the 1100 mm piece, while either length is appropriate depending on rig design. The storage accessory pieces can be mounted between the uprights or used as components to build custom storage with Eleiko XF Leg options. While it is designed for XF Bumpers, it can accommodate other discs as well. The 1100 mm rack consists of eight compartments and the 1720 mm rack consists of 13 compartments. Each compartment can hold one 15 or 20kg XF Bumper or two 5 and 10 kg XF bumpers.
