

Eleiko Classic Seal Row Bench

Charcoal/Black

The Classic Seal Row Bench is full of features that will appeal to lifters and operators alike. With its solid construction, the Seal Row Bench provides a secure and safe way to train. Lifters can choose their optimal position, an easy to operate pop pin adjusts the bench height in 30 mm increments offering 10 settings ranging from 570-870 mm above the floor. Lifters can also choose to start from the floor or from hooks placed 250 mm above the floor for a customised experience. A solid rubber protection underneath the frame protects both the bench and the barbell.
