

Eleiko Öppen Barbell Collars

pair

With its innovative patented design, Eleiko Öppen Collars secure barbell weights quickly and easily, improving lifting performance while encouraging safety. Simply place each collar next to the weights and press the lever down to lock them into place. The unique open design is accessible, easy to use and promotes faster weight changes. Each collar weighs 0.25 kg, adding 0.50 kg to each lift when in use. The Öppen Collars won both the RedDot and iF DESIGN AWARD in 2021 and Swedish Grand Award of Designs in 2023. With smart features such as integrated magnets, single-handed lever operation and exceptional clamping force, the Öppen Collars delivers a better lifting experience.

Features

Designed For

Securely fastening barbell weights during training sessions

Magnetic Hold

Integrated magnets for easy storage, as well as tighter fit and hold between collars, plate hubs and change plates for less plate movement.
