Preventive maintenance & inspections

Regularly

NOTE: The safety level of the equipment can only be maintained if it is examined regularly for damage and wear.

- Clean the surfaces on frames and tubes from dust and dirt.
- Check that all bolts between parts, walls, floors are properly tightened.
- Check equipment for sharp edges and replace if necessary.

Spare parts and service

Contact Eleiko for spare parts and service:
www.eleiko.com - Service & Parts

Warranty

All products manufactured by ELEIKO are warranted to the original purchaser to be free from defects in workmanship and / or materials under normal use or service as follows:

- 10 years on welds on structural frame (NOT on moving parts)
- 2 years on Standing deck
- 1 year on other parts

Read before installation and use

Caution

The equipment must be installed and used in a place whose access and supervision are specifically controlled by the owner.

Be sure to install the equipment on a stable base and level the equipment properly. Eleiko recommends that all equipment is secured to floor and installed by a licensed contractor or an Eleiko-installer.

This equipment is intended for indoor use only.

Safety instructions

It is the responsibility of the purchaser of Eleiko products to instruct all users and supervising personnel on proper usage of the equipment.

1. All included warnings (labels) and instructions **MUST** be read before the use of any Eleiko-equipment. Use each equipment as it is intended for.
2. A user **MUST** get a medical examination and proper instructions before the use of any Eleiko-equipment.
3. **DO NOT** let anyone, under any circumstances, use equipment that appears to be damaged. Do not try to repair any equipment before consulting an Eleiko technician.
4. **DO NOT** replace the components of Eleiko equipment with other non-Eleiko equipment (magnetic safety pin, frames, bars), do not improvise. If there are any doubts consult an Eleiko representative prior to any intervention.
5. **DO NOT** overload the equipment and **DO NOT** try to exceed personal strength levels.
6. Children under the age of 14 must be supervised by an adult.
7. **DO NOT** remove any safety labels from the Eleiko-equipment. Eleiko is not responsible if a label is removed. Replace damaged labels immediately.
8. Eleiko package for products can be made of wood, be aware of splinters, **MUST** use gloves and proper work wear.
9. Eleiko package material could be a risk when handling, be aware of crushing, **MUST** use work wear including gloves and hard shoes.
10. Eleiko products and package material is heavy, **MUST** use proper lifting technique, work wear and hard shoes.

Product info

Purpose

Designed for seamless integration into Presteria racks.

Assembly instructions

Frame insert

1.

2. HR & DHR

2. PR

Standing deck

Ensure the Standing deck is properly inserted under the frame and lowered onto the tab, with the tab properly inserted into the slot in the Standing deck.

Frame drop zone

1.

2.

Pre-assemble the corner kit. Leave the screws loose enough to allow the frame to slide into position.

3.

Drop zone

1.

2.

Adjust the frame size by loosening the screws on the corners. Push the frame until it is tight against the rubber tiles, then tighten the screws.
